

DUELING NUMBERS!

DIRECTIONS

1. Place the number cards face-down in a pile in front of you.
2. Player 1 picks a card and writes down the number.
3. Player 2 picks a card and writes down the number.
4. Compare the numbers using $>$, $<$, or $=$.

The player with the greater number gets a point.

5. Put the cards back into the pile.
6. Repeat steps 1-5. The player with the most points after 10 rounds is the winner!

DUELING NUMBERS!

Player 1's Number	>, <, =	Player 2's Number

Player 1's Points	Player 2's Points

Player 1's Number	>, <, =	Player 2's Number

Player 1's Points	Player 2's Points

Player 1's Number	>, <, =	Player 2's Number

Player 1's Points	Player 2's Points
