

Multiplying with multiples of 2-12 a math game

by: kelly anne at
appleslices4th.blogspot.com

How to Play:

May be played with 2 Players

Need: 2 pencils, 2 paperclips, 2 game boards (preferably the same, but may be different game boards for differentiation), cubes to cover the multiples (like in Bingo)

- Start by choosing which multiple you would like to use (2-12) and get that specific game board.
- Place your paperclip on the spinner and use your pencil to hold it in place.
- Spin your "spinner". Multiply the number it lands on by the number at the top of the game board. For example, if you're using the Multiples of 2 game board and you spin a 4, you would multiply 2×4 .
- Find the product on your game board and cover it with a cube. The first player to get 4 cubes in a row, wins!

multiples of 2

2	10	22	16	8	2
18	4	10	20	24	6
4	14	4	6	18	24
16	2	20	24	12	8
12	4	14	2	10	18
6	14	12	8	16	20

multiples of 3

3	9	18	27	30	21
6	30	21	36	24	15
12	30	9	6	12	3
27	15	33	12	36	21
9	27	33	18	33	24
3	6	24	18	36	15

multiples of 4

4	20	8	24	36	32
48	36	32	40	28	8
4	16	40	8	44	40
16	12	24	36	28	20
